(continued on next page)

<sup>^</sup>The degree requirement is fourteen (14) hours of approved Life & Physical Sciences, including 2 labs. These courses must be from outside the student's major, and only include those courses approved for NSM majors.

**\*\* Credits may not be applied toward a degree for both College and University Physics.**

**\*TRANSFER CREDIT LIMIT:**

A maximum of 66 hours (grades C- or better) of 1000/2000 level transfer hours may be applied toward a UH degree. These are the 66 hours that best meet the degree requirements for your UH degree combination (Major, Double Major, Double Degree, and Minor).

- Students who currently attend UH should refer to their departmental advisor BEFORE taking courses at another college.
- Courses listed above are suggested courses for this degree. Other courses in combination may apply to a degree.
- See department or course catalog for further information on your degree plan.

**Texas Undergraduate In-State Tuition Enrollment Cap**

Under current rules, Texas resident undergraduate students who enrolled for the first time in a Texas public institution of higher education in fall 1999 or later may be charged a premium tuition rate after they reach an established enrollment cap.

For details, see <https://www.uh.edu/provost/policies-resources/student/#enrollment-cap>
